

SCI-FI SUMMER 2005

## ***There is Adventure in Sound...***

Since 1984, the Atlanta Radio Theatre Company has been performing, recording, and broadcasting dramatic audio - fully dramatized, fully sound-scaped audio drama. We set the scene. We give you voices, sound effects, music, and ambient atmosphere. In your imagination you build the sets, you give faces to the voices, you design the costumes.

This is the "Theatre of the Mind," as practiced in the Golden Age of Radio. By combining today's modern technology and dramatic techniques with the oldest form of entertainment, the human imagination, you have the best seat in the house for the most vivid movie you will ever see.

*If you enjoyed today's program...*

The following titles are now available on CD and cassette.

***The Menace From Earth*** by Robert A. Heinlein

***The Strange Case of Dr. Jekyll and Mr. Hyde***  
by Robert Louis Stevenson

***The Passion of Frankenstein*** by Thomas E. Fuller
