The Theater of the Mind is Open for Business.

Since 1984, the Atlanta Radio Theatre Company has been performing, recording, and broadcasting dramatic audio – fully dramatized, fully sound-scaped audio drama. We set the scene: We give you voices, sound effects, ambient atmosphere: In your imagination, you build the sets, you give faces to the voices, you design the costumes.

This is the "Theater of the Mind", as practiced in the Golden Age of Radio -- with today's technology and dramatic techniques. It's like seeing a movie in your head -- where you always have the best seat in the house.

Solution Unsatisfactory

By Robert A. Heinlein, adapted for audio by Daniel Taylor, with the kind permission of Mrs. Virginia Heinlein

With special guest Peter David

Starring Doug Kaye, Alton Leonard, Joyce Leigh, and Thomas E. Fuller.

Before Pearl Harbor, before the war in Europe became a World War, Robert A. Heinlein considered the consequences of an unrestricted arms race. He foresaw the possibility of a "cold war", a time of tensions and uncertainty with both major powers possessing doomsday weapons – and increasingly itchy trigger fingers.

We approached the brink of nuclear war in 1962 – and stepped back. Witness now the prescience of the Dean of Science Fiction, who saw it coming in 1941. Follow a chain of events extraordinary, leading to a problem unprecedented – and a "Solution Unsatisfactory."

Rory Rammer, Space Marshal: "The Lance of Justice"

By Ron N. Butler

With special guest Lisa Getto

Rory and Skip are assigned by the Undersecretary for Stratospheric Affairs to act as technical advisers for a new TV show: "Lance Thruster, Rocket Ranger!"

Guards! Guards!

By Terry Pratchett, adapted for audio by David Benedict, presented in cooperation with the Orangutan Foundation International and with the kind permission of Mr. Pratchett

With special guest John Rhys-Davies

Starring Doug Kaye, Phil Carter, Trudy Leonard, and Fiona Leonard.

A dragon is threatening the city of Ankh-Morpork, greatest of cities on the Discworld, and it is up to Captain Vimes and the other members of the inept Night Watch, including their new recruit Carrot, to save the day.

It's a million to one chance...
